PRESIDENT’S MESSAGE

Ringing in the new year affords us an opportunity to establish new goals for ourselves both personally and professionally. It’s a chance to hit the reset button and approach the new year with a renewed energy and prioritized focus. I am excited to have the opportunity to lead our AIA Rochester community, and help not only realize our goals, but achieve them.

I’d like to thank our Rochester AIA members and associated partners for their support this past year, and their continued contributions and support in 2024. I look forward to not only our ongoing collaboration, but also the opportunity to learn from each other as we navigate the year. I’d love for our professional architectural community to “get back to the basics”, and celebrate and promote what brings us all together: ARCHITECTURE. I, along with the Board of Directors, will be prioritizing the following to achieve our goals this year:

Focus & Energize the Board of Directors
By bringing in business development & strategic growth specialists, we’re going to organize ourselves at the Director level. This will help both new and existing Board Members understand their roles and responsibilities, as well as set some expectations for our roles. The hope is that our Board of Directors will realize and understand their purpose in serving, and with that purpose comes accountability.

Engage Firms & Membership
We will increase involvement and participation from Rochester firms and membership. Promoting the opportunities that are available and enabling volunteers (for both committee involvement and supporting events) is a high priority. Establishing firm liaisons and ensuring they have the tools to follow through with their peers is essential for growth.

Continuing Education Opportunities
We will continue to host focused, thought-provoking presentations for our members. We plan to concentrate on current and applicable topics like Business Development & Leadership, Marketing, Technology & AI, and Sustainability.

Re-establish Relationships
We will form guidelines for working relationships with organizations that share similar interests and goals as AIA Rochester. We will align our events with those of other professional organizations to ensure our membership has the best opportunities to benefit from said offerings, and we will continue to support mentor programs and promote mentor opportunities within our profession and community.

Celebrate
It’s important that we make time to celebrate our work, the talented people doing it, and the clients we are doing it for. We need to reconvene as one professional organization and “get back to the basics” by promoting architecture in Rochester.

I am humbled to lead this effort like so many talented and successful leaders before me. I am proud to be a part of and serve the AIA Rochester membership, and I look forward to the influence, success, and impact that our profession will have on the Rochester community in 2024.

Thank you,

Jamie Bucci, AIA LEED AP BD+C
2024 AIA Rochester President
OUR MISSION

AIA Rochester’s mission is to promote the profession and practice of Architecture in the Greater Rochester Area. AIA Rochester is dedicated to providing its members opportunities for professional advancement, community involvement, and promoting design excellence in the built environment.

HISTORY OF THE AIA ROCHESTER CHAPTER

The Rochester Chapter of the American Institute of Architects owes its beginnings to two sources. In the early 20th century, a few Rochester architects belonged to the Central New York Chapter, which covered a broad area from the Western line of Monroe County to the Adirondacks. In 1919, they soon recognized the need for a local organization and founded the Rochester Society of Architects. The Society quietly thrived for forty years, enjoying luncheons and an annual dinner. During the Great Depression the members set up mutual help activities as they worked to survive in those hard times. Later, with the development of better communications and easier travel, the National AIA became a recognized force.

In 1962 the Society voted to become a Section of the Central New York Chapter, and members became more active in AIA affairs. Soon thereafter, it became clear that Rochester architects would benefit from becoming an independent chapter. Application was made to the National Board of the AIA for a Chapter Charter, which was granted in October, 1968. Initially, the Chapter consisted only of Monroe County, however in 1981 Wayne, Livingston, Ontario, Yates and Seneca Counties were added. In 2014 Allegany County joined our chapter.

Since then, the Chapter has grown in health and size. Nationally it boasts of one of the highest percentages of member architects in its area. Programs expanded, and a central office was established in 1971. The loyalty and dedication of its members indicates its ongoing importance to the Rochester community.

The Charter members of AIA Rochester were Hugh P. Anderson, Florence England Bishop, William C. Burwell, Michael J. Doran, James W. Gemmill, Carl F. W. Kaelber Jr., Roger F. Leaper, G. Carroll Madden, Marvin Meyer, and Myron E. Starks.

PAST PRESIDENTS OF THE AIA NEW YORK STATE

AIA New York State is the voice of the architectural community and a resource for its members in service to society.

It is the American Institute of Architects New York State’s (AIANYS) Mission to represent architects and the profession of architecture in government and provide services to the membership. Architects within the profession saw a need for representation, to achieve influence and maintain the integrity of the profession for their needs in governmental bodies.

The AIANYS Board of Directors comes together as a means of a cumulative voice for the 8000+ members and oversee the various operational aspects and activities. www.aiianys.org/about/mission/

The individuals named below were AIA Rochester members while serving as president of the AIANYS Board.

1947/49  C. Storrs Barrows, FAIA
1951/53  Donald Q. Faragher, FAIA
1965    Allen Macomber, AIA
1989    Myron Starks, AIA

Firm Philosophy — A NATIONAL FIRM WHO EMPOWERS OUR TEAM TO PROVIDE INNOVATIVE SOLUTIONS RESULTING IN ENDURING RELATIONSHIPS. APD manifests family values. APD is focused on personal growth for all employees while encouraging them to provide a more personalized experience for our clients. The company is dedicated to providing a great work experience for its employees by investing in their growth and careers; by not making them choose between work and family. APD wants employees who want to work here! APD is dedicated to efficiency. APD invests in and utilizes technology to their clients’ advantage. Through constant self-evaluation and critique APD seeks to steadily improve the efficiency of their services and the quality of the experience product they provide to clients. This self-evaluation leads to more streamlined and precise processes, making APD a leader in prototype development for commercial, retail and QSR industries. APD invests in its future. APD purposefully invests in staff, technology and services offered. They have consistently expanded benefit offerings and training programs; invested in new software and hardware; and expanded service offerings to clients.

**Firm Philosophy** — All projects have a Principal actively involved in their delivery. Our principals are project managers of approximately 70 percent of our total projects. Our philosophy is to maintain the same team on a project from its inception to completion. This provides continuity and streamlines the project in house and also for our clients. Architectura is an accomplished architectural firm providing high quality design and service with enthusiasm. We are dedicated to satisfying our clients’ needs with distinctive design, while positively impacting the community. Architectura utilizes our insight and creativity to develop our clients’ goals into a successful solution.

**Firm Philosophy**  
CPL is a multi-disciplinary firm that has been serving public and private clients since 1975. We have grown in size from a small civil engineering firm of a half a dozen employees to a multi-disciplinary firm of nearly four hundred professionals in four states. From your first encounter with members of our staff, you will realize that we do things differently here at CPL. Our staff is dedicated to a client-centered philosophy of service that is based on three core beliefs. Our belief in full service. Our belief in personal attention. Our belief in Principal participation. This approach supports our goal in making the world a better place through exceptional design, dedicated service and lasting client relationships.
DGA BUILDERS, LLC

Established 1978

1170 Pittsford Victor Road, Suite 100, Pittsford, NY 14534

Phone (585) 586-7800
Email info@dgabuilders.net
Website www.DGAbuilders.com

Principals
Michael Szuromi, CEO; Gregory Craig, President; Kevin Nowack, Vice President

Firm Philosophy — DGA Builders has a passion for safe, ethical, hard driving, and well managed contracting. We imbue these attributes into our entire construction team. Our construction professionals possess a wide range of technical expertise which allows us to successfully execute projects across a varied number of market segments. DGA Builders is founded on one simple guiding principle: fully satisfy our client’s needs. We are an intensely client-driven organization. More so than buildings, we build relationships. We get to know our customers closely by fully understanding their personality, needs, and philosophy we are best equipped for project success.

**Firm Philosophy** —
**Gong Glass Works**

42 Parkview Dr, Rochester, NY 14625

*Established 1979*

**Completed Projects** – Etched glass wall at RIT Administrative Services Bldg; ARTWalk of Rochester artistic etched glass bus shelter in front of Gleason Works; Glass Art towers at Port of Rochester

**Firm Philosophy** – The spirit and energy of living things has always intrigued me and continues to be at the very core of my art. Inspired by the temperament of my Asian background, I constantly strive to capture the grace, abstractions of nature and the Orient come to life through the use of line, color, texture, balance and the silent beauty of glass and metal. In my architectural work, the emphasis is on the customer satisfaction; sensitive, responsive and enduring designs with a focus on quality craftsmanship.

Principals: David Hanlon, AIA, Principal and President

Completed Projects — Metropolitan Lobby and Apartments; 50 Front Street Apartments in Binghamton; 933 the U; New York Beer Project in Victor, NY; First American Equipment Finance at High Point Office Park; 600 East Ave

Firm Philosophy — Since 1994 Hanlon Architects has been providing all aspects of design, from programming through space planning, and from overall master planning through interior design. We are equipped with an aesthetically unique design approach that is client-driven and relies on the strong communication skills and diverse experience embodied by our 16 professionals. At Hanlon Architects, our passion for design and our commitment to the needs of each project have established us as a firm with many satisfied and returning clients. Our design work includes projects for corporate, health care, educational and retail facilities. It is our aim to channel our client’s individual culture and vision into exemplary architecture while solving technical and practical design issues. This results in buildings and interiors that support and inspire their occupants. We take seriously the impact of the built environment on its occupants and the surrounding community and strive to encourage that relationship toward a positive outcome.

Website www.razak.net

Principals
Mohamed M. Razak, AIA, LEED AP, BD+C

Completed Projects — Our projects have included renovations and new buildings for major teaching hospitals and healthcare systems, such as the University of Rochester Medical Center; UR Medicine St. James Hospital, Hornell; UR Medicine Thompson Health, Canandaigua; SUNY Upstate Medical University, Syracuse; SUNY Downstate Medical Center, Brooklyn; Brookdale University Hospital and Medical Center, Brooklyn; Interfaith Medical Center, Brooklyn; Kingsbrook Jewish Medical Center, Brooklyn; Calvary Hospital, Bronx; Westchester Medical Center, Valhalla; Erie County Memorial Medical Center, Buffalo; Roswell Park Cancer Institute, Buffalo; Clifton Springs Hospital & Clinic, Clifton Springs; and Newark-Wayne Community Hospital, Newark. We also work with several State agencies, including DASNY, OGS, NYS OMH, NYC DOHMH, SUCF, and SUNY.

Firm Philosophy — Founded in 1995 by Mohamed M. Razak, Razak Associates, an NYS and NYC certified Minority Business Enterprise (MBE), is a specialized firm designed to respond effectively to the particular needs of complex healthcare, institutional, and academic organizations. Our approach to the design and construction of facilities is characterized by strict adherence to three main principles: 1) respect for the uniqueness of each client, 2) holistic approach to your design problems, and 3) consensus building.

ASSOCIATE MEMBERS

ASSOCIATE MEMBERS are those without architectural licenses from a U.S. licensing authority and who are: holder of a professional degree in architecture; or employee under supervision of an architect in a professional or technical capacity related to the practice of architecture; or faculty member in a university program in architecture actively involved in research, administration, or the teaching of architecture; or holder of an architectural license or equivalent from a non-U.S. licensing authority.
Licensure

There are three major components to becoming an architect:

Education
Education requirements vary by state. Check your local jurisdiction. NYS residents can refer to the Office of the Professions website: https://www.op.nysed.gov/architecture

Examination
The Architect Registration Examination® (ARE®) is a multi-division exam that assesses your knowledge and skills.

Experience
You’ll need to document real-world experience through the Architectural Experience Program® (AXP®)

Licensure

Once you pass the exams and complete the experience requirement, you can register for a license. Individual states grant licenses. You can become licensed in multiple states.

Compare licensure requirements of the 54 jurisdictions to decide where to get your initial license. Typically, to maintain or renew your license, you’ll need to earn continuing education credits each year.

Update Licensure Information with AIA National

After you have your first license you will need to change your status with AIA National from Associate to Architect. Complete the 2023 Associate to Architect Form and send it to memberservices@aia.org. Please allow three to five business days for processing. Your status in our directory will be changed at the next directory update.

The Landmark Society of Western New York, Inc., is one of the nation’s oldest and most active historic preservation organizations. It is a not-for-profit membership organization dedicated to helping our region’s communities preserve and capitalize on their rich architectural, historical, and cultural heritage. The Landmark Society’s service area covers nine counties in western New York centered on the City of Rochester.

The Landmark Society provides preservation consulting services to property owners; architects and design teams; developers and real estate professionals; community organizations and nonprofits; municipalities and planning jurisdictions. We specialize in identifying historic resources and preservation opportunities and helping groups and individuals find tools, strategies, and funding sources to ensure economically viable use of those resources. Our preservation consulting services can be tailored to individual project needs.

Rochester Downtown Development Corporation (RDDC) is a private, not-for-profit, economic development entity that strives to deliver a vibrant and economically strong downtown as part of the regional asset package. To create the synergy and balance that is part of a healthy downtown, the RDDC agenda nurtures a broad range of development initiatives. These include housing, commercial, entertainment, and large public projects.

Terracon is a leading consulting engineering firm comprised of engineers, scientists, facilities experts, and field professionals. We offer practical solutions tailored to architects’ unique challenges in environmental, facilities, geotechnical, and materials engineering. Whether tackling complex designs or navigating regulatory requirements, our professionals support you every step of the way. Our network of more than 175 offices nationwide provides local expertise backed by national resources to get the job done cost-effectively and efficiently. Partner with us today and experience the difference firsthand.
Thank you to all of you who have put your trust in me to document your work and provide new and interesting ways to express your designs in photographs. It will be 30 years in 2019 since I moved to Rochester and began working with AIA members here. As always, I'm ready anytime you need me, to photograph your projects or simply discuss the possibilities. It's been a great journey so far and I am looking forward to seeing what you may design in the future!

mgilevski@tremcoinc.com

When your client wants to lower the operating costs of a building as well as keep it dry, architects can turn to one company for all the solutions they need—Tremco Roofing and Building Maintenance. Whether it’s a white reflective roof to help lower energy costs, a photovoltaic roofing system to help generate electricity, a lush vegetated roof to help manage water or renovations to the building envelope, Tremco Roofing brings more than 80 years of sustainable commitment to every project. To learn more about how we can support your client’s goals, call us today at (585) 305-2337.
